Most Vigilance Being Exercised Off Halifax Port

Undersea Craft Reported Sighted by Seamen as Elusive as Ogopogo or Caloborosaurus

By THOMAS WATLING

OTTAWA, April 20.—The mystery submarine of the Atlantic coast is proving as elusive as the Ogopogo of the Okanagan or Caloborosaurus of Vancouver. The submarine was sighted a week or so ago off Halifax. Two days ago fishermen reported seeing it off St. Peter's Cove. Yesterday a pilot reported it entered Halifax Harbor at night.

"Utmost vigilance" is being exercised by the Royal Canadian Mounted Police, the minister of defence, said today. Patrols have been established but the defence department has received no confirmation of the report by Captain William Latimer, a pilot who said an undersea craft entered the harbor.

Crews Of All Ships Are Asked To Report To Halifax Naval Base

HALIFAX, April 20.—Commander H. E. Reid, commanding officer of the Halifax Naval Base, has issued a statement today asking crews of all ships which entered Halifax harbor Tuesday night to report to officials at the naval base.

Text of the statement reads: "It is requested that any vessel inward bound which passed the Halifax pilot boat shortly after midnight, 18th-19th, will communicate with the naval authorities at H.M.C. dockyard. The pilot boat was in the vicinity of Newfarl Shoal."

POPE ASKS FOR PRAYER CRUSADE IN PEACE BEHALF
VATICAN CITY, April 20.—Pope Pius XII asked for a "crusade of prayer" throughout the world during the month of May on behalf of "peace and brotherly love."

The pontiff made his appeal in a letter to his secretary of state, Cardinal Maglione. His Holiness then expressed the wish that in all the dioceses and parishes public prayer in the cause of peace should be held in the month of May during the month of May. He said he desired that prayers be said especially by children, "who radiate innocence, gentleness and grace."

Scourge Of Polio Hits Taber Again
TABER, Alta., April 20.—Infantile paralysis came to Taber district for the second time within a month when Larue Burk, 10, was stricken on Wednesday. Edward Spink, 18, first patient stricken, showed improvement but was still unable to walk, attendants said.

LEGISLATIVE CHAMBER TO BE PAINTED

Fallow Orders Re-Furnishing and Decorating For Royal Visit

Part of the program of re-decorating and re-furnishing the legislative chamber on the occasion of the visit here on June 2 of Their Majesties King George and Queen Elizabeth, is the purchase of a new green carpet for the floor of the chamber. It was announced Thursday by Hon. W. A. Fallow, minister of public works. Cost of the new carpet is about \$2,000.

While Their Majesties are visitors here, they will spend some time at the legislative building. The new carpet will cover a floor space of about 50 by 60 feet. An Edmonton department store has been awarded the contract for the carpet, which will be laid by May 15.

Says President's Suggestion Could Not Be Made Without Consideration Of "Vast Errors Of Geography"

ROME, April 20.—Premier Mussolini, answering President Roosevelt's appeal to himself and Chancellor Hitler for non-aggression pledges, declared 10-year peace guarantees were impossible without consideration of "vast errors of geography" of which, he contended, Europe was the victim.

He inferentially rejected any "expansive" conference of nations, but declared nevertheless that the Rome-Berlin axis stood for "peace and collaboration."

Mussolini opened his speech, repudiating to King Roosevelt's appeal to himself and Chancellor Hitler for non-aggression pledges, declared 10-year peace guarantees were impossible without consideration of "vast errors of geography" of which, he contended, Europe was the victim.

FALLOW PLANS DISCUSS ROAD GRANT IN EAST

Minister To Talk Highwayways, Boundary Extension At Ottawa

With the object of discussing highwayways and other matters with the Dominion government, Hon. W. A. Fallow, minister of public works, plans to leave here Thursday night for Ottawa. It is expected he will discuss the Alberta share coming to the province of a special vote of \$3,750,000 by the Dominion to be allocated to the provinces for development of tourist highways.

The provinces will be called upon to match this amount in a dollar for dollar basis.

It has been estimated by Mr. Fallow that on a per capita basis Alberta should receive \$250,000 of the total vote. This was what Alberta would receive up to a similar amount.

It is expected that Mr. Fallow will also discuss with the Dominion the question of extending the Alberta's northern boundary to the Arctic ocean, which action was advocated in a resolution passed in the legislature by Mr. Fallow and ratified by the house.

Proceeding Mr. Fallow reaches Ottawa in time, he will represent this province on the committee named by Premier John Bracken of Manitoba to interview Premier Maclellan of Ontario regarding marketing of wheat. He will not be able to attend if the committee interviews Premier King on Saturday, but a meeting is held on Monday, he will be in time.

Four-Year-Old Mary Callahan Dies in Chicken House Flames

HIGH RIVER, Alta., April 19.—Four-year-old Mary Bernice Callahan was burned to death Wednesday in a chicken house fire, believed to have started from a brooder heater.

The girl and her mother, Mrs. Louisa Callahan, were in the chicken house when the flames broke out. Mrs. Callahan was rescued by a neighbor, but the girl was not found until she was pronounced dead.

When she went back to the chicken house a few minutes later, she found the brooder heater had started a fire in the building. Mrs. Callahan said she could not find her daughter in the smoke-filled building and called for help from a farm employee. The fire was extinguished when the employee arrived.

One of the girls were found on a cot where the employee had slept to assist the brooder fire. Mr. W. W. Roby, coroner, stated he believed an insect unnecessary as the girl's death was accidental.

Police Claim Confession In Torso Murder

BALTIMORE, April 20.—Police Commissioner Robert H. Jones announced today police had obtained a confession from a man held in this Baltimore torso murder.

Defenceless Line On Boundary Held As National Shrine

EDMONTON, N.B., April 20.—The undefended state of the Canadian-United States boundary is a "defenceless line," the Canadian government today declared.

F. Chadwick, Seattle, national commander of the American Legion said here today after setting foot on Canadian soil for the first time since he became head of the Legion.

He was met by members of the Canadian Legion and welcomed by Mayor J. H. Proulx. After a meeting with the mayor, he was taken to the international bridge to Madawaska, Me., for another meeting.

Commander Chadwick said it was the duty of the two nations to hold the world's "Two democratic nations can do live at peace, side by side."

"We have this far gone down the road of destiny together," he added. "If we continue on this road, we can preserve our peace into the ages."

2 Days' Fanfare Opens Celebration Hitler's Birthday

Propaganda Minister Goebbels Opens With Broadcast—Says Fuehrer's Name Wanders Around Earth Like a Legend

BERLIN, April 20.—Two days of oratory, military display and fanfare with which Germany is celebrating Chancellor Hitler's 50th birthday began last night with a national broadcast in which the Fuehrer's name was called "a political program for the entire world."

Propaganda Minister Goebbels, the speaker, declared:

"The Reich stands under the protection of the German sword. In the national ceremony, the Fuehrer's name wanders around the earth like a legend. Hitler has pointed out a new way for the historical development of not only of his country but for that of Europe."

Nazi flags waved from almost every building downtown streets were packed with citizens late for the official festivities started. Groups of Nazi workers streamed toward the Reichstag, Unter den Eichen and the new broad, east-west arterial boulevard.

LEWIS CARRIES OUT THREAT TO CLOSE MINES

C.I.O. President Orders Agreements To Be Terminated

NEW YORK, April 20.—John E. Lewis carried out last night his threat to order a complete shutdown of the United States coal industry unless Appalachian region operators quickly came to terms with his United Mine Workers (Congress of Industrial Organizations) on a new contract.

Officials of the U.M.W. in districts outlining the Appalachian region began announcing the C.I.O. president had notified them to terminate special agreements under which they had continued working while 338,000 Appalachian miners were idle.

Fifteen days notice is required to terminate the agreements. A U.M.W. spokesman here said about 130,000 miners in 14 states would be affected by the cancellation.

The spokesman would neither confirm nor deny that Lewis said any comment would come out of the conference of operators and miners' negotiators returning today in the face of a growing coal shortage.

Appalachian U.M.W. members quit work April 1 when their two-year agreement expired.

Growing railroad unemployment resulting from the shutdown was reported today by two major lines. The railroads apparently most seriously affected were the Baltimore and Ohio and the New York Central.

B. & O. had coal supplies for only six or seven more days.

90 MEMBERS OF CANADIAN PRIVY COUNCIL TO MEET

OTTAWA, April 20.—The 90 members of the Canadian Privy Council will be brought together at Quebec City next May 15, when the federal government gives a luncheon to the King and Queen. It was announced tonight by the royal ceremonial committee on the royal visit.

For the first time in Canadian history, members of the Privy Council, both in and out of office, will have the honor as a group of meeting the sovereign. It will be the first occasion since confederation on which all members of the Privy Council of Canada, except those who were members of the first cabinet, will have been brought together for any purpose.

The Privy Council at present comprises not only the members of the present cabinet but members still living of all former cabinets with a limited number of others who have been sworn in as members in recognition of distinguished public service.

Duty Of Premier Lost Minister His Job, So Claimed

QUEBEC, April 20.—F. J. Lesage, Quebec's rooster minister for two years until his removal from the cabinet last summer, said today his portfolio because he was "the only minister who had been up to the premier's" Liberal Leader T. D. Bouchard charged Wednesday in the legislative assembly.

Bouchard accused Premier Duplessis of a "blatant attempt to bring back the cabinet surrounded by insinuations of dishonesty."

Premier Duplessis declared the government had done "its duty when it replaced the rooster minister for reasons the premier saw as more than sufficient."

Mrs. George Black, M.P. Entertains 20 Young Page Boys in Ottawa

By THOMAS WATLING
Relative to Edmonton Bulletin
OTTAWA, April 20.—Tuesday was a grand day for the pages in the House of Commons. In one of the private dining rooms of the parliamentary restaurant, twenty young men in Eton jackets, knickerbockers and white collared shirts, and the guests of Mrs. George Black, M.P. for Yukon.

The boys are the sons of widows and do duty in the green chamber. They took the gracious kindness of a woman member to recognize the long and long hours of the young men.

The table was decorated with daffodils and yellow blooms and the favours were little silver pins with the crown and also little colored pocket pencil sharpeners.

There were no speeches by the hostess or the guests but a lot of talk for the boys who were having the time of their fair lives.

One young page, Romeo Latreille, made the front page of a local newspaper recently for his rescue of a woman girl from drowning and was cited in the House of Commons for his courage.

Three Partners In Crime Father, Son, Friend Pay Penalty Of Murder

COLUMBIA, Mo., April 20.—Three partners in crime—father, son and friend—were sentenced today to life in the state penitentiary for the slaying of a Springfield, Mo. peace officer.

Harry Chapman, 37, was first to be executed because he was the first to enter the penitentiary. Following him were Henry Dindorf, 28, and his father, Harry, 34.

The three were convicted through the murder of Springfield's Randolph of Springfield in a gun battle at the Springfield race track after robbery of a Springfield cafe operator, Sept. 3, 1937. The Dindorf was convicted of killing Chief Deputy Sheriff Dwight Perry.

Robert Cornette, a bandit, met death in the gunfight, while Chapman and young Dindorf were wounded.

Chapman held a piece of paper as he was seated in the chair and said he was scared in the chair and said he was scared in the chair and said he was scared in the chair.

You are here to witness an execution and I have a few words to say. This crime is a terrible one. My brother John has for public after my death. I am not a murderer. I am a robber—I admit that—but a robber. I am dying with a clean heart.

220 FIND DEATH IN BURMA RIOTS FIGURES REVEAL

RANGOON, Burma, April 20.—Far-reaching recommendations including a call for an inquiry into the Burma civil police were contained today in the final report of a committee which investigated Burma riots in which 220 persons were killed and 200 injured last year.

The recommendations include legislation to prevent agitation from entering Burma, including "anti-Burman" British subjects.

Serious attention of the government to the question of marriage between Indians and Burmans.

A general tightening of vigilance in newspapers and books printed in Burma.

The immediate cause of the riots, the committee said, in an interim report earlier this year, was the discovery of a book containing alleged insults to Buddhism, but there were underlying influences—economic, political and social—which had been at work for some time.

ROOSEVELT TAKES RAP AT ENEMIES INSIDE HIS PARTY

WASHINGTON, April 20.—President Roosevelt, declaring Wednesday night that the Democratic party would commit suicide if it turned "conservative," called on Democrats who disagree with present United States government policies to "subordinate their prejudices" or get out of the party.

In a message to a junior Jackson Day dinner of the young Democrats here, he said:

"There never was, and never will be, a political party whose policies absolutely fit the views of all its members. When men are at variance with the country, and the country is making it seem to me there are only two honorable courses—join a party that more accurately mirrors their ideas, or to subordinate their prejudices and become loyal."

Looking ahead to 1940, and calling on the party to cleave to the principles that "brought it to power," he said:

"It would be a poor sort of politician or statesman," he said, "who did not fight for his sincere principles, but that is a different thing from allying themselves with the party's enemies and getting in a stab wound and wherever they can do so safely."

Risk To Arrest Former Assistant Attorney-General

QUEBEC, April 20.—Because of ill health, it would be a "risk" to arrest Charles Langelot, former assistant attorney-general, a physician Wednesday told Quebec's public accounts committee which heard allegations the provincial government had been over-charged on the reconstruction of a court house three years ago.

First witness as the inquiry resumed for this session, Dr. Achille Paquette said the aged officer's illness would not permit execution of a warrant for his arrest, issued last year as a result of evidence charging he had misused \$107,360 in provincial funds.

Government Prepares Stand On Record, Says

OTTAWA, April 29.—The government is dealing with unemployment not merely as a problem to be solved, but as a social evil which it will create increased dependence upon the state to what extent they rely on private industry.

Norman Rogers, last night, said the government has decided to provide for the 1939-40 employment program before the reading. It will be up for a second reading today.

After it passes the measure, labor has still to obtain approval for his estimates for unemployment relief and works projects and to extend the youth train-

Mr. Rogers said the group was not wholly satisfied with the result of its efforts to re-open employment but was prepared to meet the second session.

"We are able to point to the very definite point that we have been up into operation in the last few days," said Mr. Rogers. "But I say that in addition to improve the trading post in this country and thereby boost its industrial activity, we are also measuring the extent to which we had their effect in meeting national needs."

NO COMMENTS

When the house convened Tuesday, forestry conservatives and other work for single men were surprised there were no comments from opposition who had vociferously opposed the measure. The speaker advocated just such means indicated opposition criticism inspired by a combination of policy and politics.

W. B. H. Stevens, Kootenai Educ. and Hon. L. S. Coon, Montreal St. H.

When Mr. Rogers said that the new government had followed a policy without results, Mr. Bennett's government had been in Canada for less than a year. Two different proposals for the young men were offered. M. J. Goldwell (Vancouver-Biggar) wanted the United States without the pipeline. T. L. Church (Ottawa-Broadview), advocated free service contracts with the United States and guarantees in connection with the national defence program.

Bonnet indicated that the elements ultimately to be unduly by Russia, Italy, Poland and Spain could not yet be defined negotiations under way, he said, looked to an instrument under foreign affairs a matter of fact.

LESLIE BURGIN MADE HEAD OF NEW MINISTRY

Will Have Full Powers
Over the Supply Of
Munitions

LONDON, April 19.—Prime Minister Chamberlain announced in the House of Commons today a new ministry of supply would be established in a cabinet, the main factor of arms.

Leslie Burgin, at present minister of transport, was appointed head of the new ministry with cabinet rank. Presumably to quiet rumors that the new ministry would not have full powers over the supply of munitions, Chamberlain announced the new ministry would be established in a cabinet, the main factor of arms.

A bill will be introduced soon, the minister said, to establish the ministry.

Mr. Chamberlain refused to set up such a ministry only several weeks ago, two factors entered.

1.—The decision to guarantee the independence of Poland, Russia and Greece.

2.—To administer certain areas of territory after the war more than in the present state.

Supporters of a ministry of supply have claimed that the new ministry would have a different effect on the Italian-German agreement in Europe.

Mr. Chamberlain said the new ministry would have three functions.

1.—The problem of expediting the supply of munitions for the army.

2.—To administer certain areas of territory after the war more than in the present state.

3.—To find and store reserves of essential metals and raw materials for use in time of war.

TRADING FIRM CROSSED FROM JOBBER'S LIST

That the C. R. R. and Grocery Company of South Edmonton had been the source of supplies to the Alberta Trading Association, which was established in 1917, was established at the last meeting of the association.

First on the stand was C. U. Haydon, president of the association. He said the association had been out of the jobbers' list since 1917, was established at the last meeting of the association.

Britain's 'Rock' Menaced

British Army Engineers rushed to build batteries on the border of long-impenetrable, British-held Gibraltar (shown in photo above with Spain in the background), when reports indicated that large bodies of German soldiers from Spain, Czechoslovakia, and Italy, Spanish border town, and that thousands of more were massed in Algeria, near the Italian coast.

Supporters of a ministry of supply have claimed that the new ministry would have a different effect on the Italian-German agreement in Europe.

Mr. Chamberlain said the new ministry would have three functions.

1.—The problem of expediting the supply of munitions for the army.

2.—To administer certain areas of territory after the war more than in the present state.

3.—To find and store reserves of essential metals and raw materials for use in time of war.

MURDER DICT IN HOOVER CASE: SLAYER SOUGHT

Otto Swartz, Much Wanted Man, Is Still Missing

VICTORIA, B.C., April 19.—A verdict of murder was returned Wednesday by a coroner's jury investigating the death of Albert Hoover, a well-known Canadian peace officer.

Word of the verdict was received at provincial police headquarters here along with the news that Otto Swartz, a man named by the coroner as the slayer, was still missing.

Early this week Hoover's body, riddled with five bullets, was discovered behind his ranch-house, which had been rented by a firm, believed of incendiary origin.

Authorities decided that the use of bloodhounds in the search, which has been extended to Alberta, was impractical.

The same firm filed an appeal on behalf of William W. Kossick, Edmonton, who was found guilty by the jury of first degree murder in the case of Hoover.

The appeal is taken against conviction and sentence.

Kossick was charged with theft of \$281, property of Mrs. G. G. G. by conversion, and with failing to account for the money. He was found guilty by the jury and sentenced to life imprisonment.
